

INDIVIDUAL CONSULTANT PROCUREMENT NOTICE

Date: 08/12/2022

Country:	Tajikistan
Description of Assignment:	National Lead Technical Expert on the review and processing data for the development of Project Identification Form to phase down hydrofluorocarbons (HFCs) in the Republic of Tajikistan
Project name:	Climate Change, Energy and Environment and Disaster Risk Reduction Portfolio
Period of assignment/services:	78 working days during January - April 2023
Type of Contract:	IC (Individual Consultant)
Deadline for application:	19 December 2022
Duty station:	Dushanbe, Tajikistan, with possible missions to the field to the regional administrative centres

Application procedures:

Interested candidates are strongly encouraged to apply online via website www.jobs.undp.org:

- In order to be considered in the long list of applicants please go to the Registration link, register your account and upload Personal CV or Resume (**Please do not upload your Financial Proposal on the web**). (If you already have a registered account, please use your login and password for further applying).
- Further, in the list of announced vacancies click on apply link beside the Vacancy post. You will be receiving a confirmation e-mail in short period to the address indicated in your account.
- Important! Additional documents including Financial Proposal should be sent to e-mail address ic.tj@undp.org, prior to the deadline:
- **Offeror's letter to UNDP confirming interest and availability (Annex 2)**
- **Breakdown of costs supporting the all-inclusive financial proposal (Annex 3)**
- **Signed CV, indicating all experience from similar projects, as well as the contact details (email and telephone number) of the Candidate and at least three (3) professional references**

Please note that incomplete applications will not be further considered. Please make sure you have provided all requested materials

Candidates should submit the above-mentioned documents by 19 December 2022 via e-mail to ic.tj@undp.org, Title of assignment should be written in the subject line of the email.

Any request for clarification must be sent in writing, or by standard electronic communication to the address or email indicated above. UNDP Tajikistan will respond in writing or by standard electronic mail and will send written copies of the response, including an explanation of the query without identifying the source of inquiry, to all consultants.

I. PROJECT CONTEXT

The United Nations Development Programme (UNDP) operates in over 170 countries and territories, helping to achieve the eradication of poverty, to reduce inequalities and to increase sustainability. One of its critical priorities for 2020 is to support countries to accelerate ambitious action on climate change.

A healthy ozone layer and climate are essential to meeting all of the Sustainable Development Goals. The Montreal Protocol continues to protect people and planet alike. The Kigali Amendment to the Montreal Protocol agreed in October 2016 is expected to avoid up to 0.4°C of global warming by the end of this century through phasing down the use of hydrofluorocarbons (HFCs), powerful climate-heating gases largely used in cooling systems. Cooling is essential to human health, food security, economic productivity, and is becoming more important in the context of increasing global mean temperatures accompanied by more extreme heat waves. It is urgent to assist developing countries to access and scale up the use of the efficient and sustainable cooling technologies as a priority for tackling and adapting to the climate change.

UNDP's current Montreal Protocol portfolio covers 56 countries supported by the Multilateral Fund and 5 countries supported by the Global Environment Facility (GEF). UNDP helps countries to meet the objectives of the Montreal Protocol on the phase-out of Ozone Depleting Substances (ODS) and HFC phase down under the Kigali Amendment.

The Republic of Tajikistan, as a country with economy in transition, honours its international commitments under the Montreal Protocol and is undertaking successful actions to accelerate the phase out of hydrochlorofluorocarbons (HCFCs).

On the 29th of June 2022, the Government of Tajikistan ratified the Kigali Amendment to the Montreal Protocol. The Kigali Amendment brings the future production and consumption of hydrofluorocarbons (HFCs) under the control of the Protocol and will make a major contribution towards the fight against climate change.

According to the Kigali Amendment, Tajikistan is facing an ambitious reduction schedule to phase down 5% of HFCs at 2020 from their baseline level, 35% at 2025 and 70% at 2029.

The Committee on Environmental Protection under the Government of the Republic of Tajikistan has requested UNDP's support to access financial support from GEF to phase down HFCs to meet the reduction target for the Kigali Amendment. This will be achieved through the development of a Project Identification Form (PIF)¹. The PIF should:

- be aligned with the national priorities and policy frameworks of the Government of Tajikistan,
- be in accordance with the GEF-8 programming strategy, particularly the chemicals and waste focal area, and
- meet the relevant requirements of the Kigali Amendment.

UNDP Country Office in Tajikistan is thus seeking to recruit an experienced National Lead Expert who possesses excellent understanding of country context, knowledge of chemicals (HCFCs and HFCs) and assist Team Leader with the development of the PIF to UNDP-GEF to achieve Kigali targets on HFCs phase out in Tajikistan

II. GOALS AND OBJECTIVES

Under direct supervision of UNDP Team Leader on Climate Change, Energy and Environment and Disaster Risk Reduction, and technical guidance of the Team Leader and the UNDP-GEF team in Istanbul Regional Hub, as well as in close collaboration with the team of experts, a National Lead Technical Expert will bear responsibility to provide technical assistance in undertaking analysis and study of HFCs consumption in the country, determining an estimated HFCs consumption baseline and developing a Project Identification Form (PIF).

III. THE SCOPE OF WORK

Specific tasks and responsibilities of the National Lead Technical Expert include:

- Participate in the review of current regulations and policies on the implementation of the Montreal Protocol as well as the relevant climate action in Tajikistan and identify the activities to be needed in terms of policy framework and regulatory work for compliance with the Kigali Amendment.
- Coordinate organization, preparation and execution of the activities in conjunction with UNDP Country Office, UNDP-GEF and the Team Leader.
- Participate in coordination meetings and collaborate with other national experts working on other aspects of the assignment.

¹ UNDP/GEF PIF Template and Guidance will be provided by UNDP Country Office

- Assist in finalization of the methodological guidelines to study HFC consumption in Tajikistan.
- Act as a local coordinator for the study and related data collection and consolidation.
- Review and analyze data on the current national legal and regulatory frameworks governing the use of ODS/HCF Cs and HFCs, including a description of applicable laws, regulations (licensing, import and export controls, any distribution quotas, etc.), as well as current organizational structure, and an assessment of existing administrative practices and availability of funds necessary to implement them. This also includes any elements of previous international financial assistance, including investment and other aspects of the ODS/HCF C phase-outs.
- Conduct a detailed review and analysis of existing data on HCF Cs and other ODSs that have been officially submitted by Tajikistan to the Ozone Secretariat of the Montreal Protocol since 1997, including official data on imports/exports, trade and consumption derived from the national ODS licensing system and customs information (if applicable);
- Conduct a desk review for preparation of a situational analysis of consumption (and, where applicable, production), import, export/re-export of HFCs and distribution channels within the country. Calculation and determination of the baseline of HFC consumption for Tajikistan, according to the endorsed methodology of the Kigali Amendment of the Montreal Protocol in CO₂ equivalent.
- Interact with various suppliers/importers/distributors of chemicals and equipment and/or their representatives, relevant industry associations that are consumers of HFCs.
- When needed, pay visits to individual largest consumers (target enterprises) and collect baseline information about the enterprises and other documentation in accordance with the methodological to study HFC consumption. Information gathered at the enterprise level, where practicable, should include, but is not limited to, the following information:
 - ✓ *General history of the enterprise, scope of activities, production capacity and product range;*
 - ✓ *Dates of commissioning of the respective production lines;*
 - ✓ *Percentages of local and foreign investments (specify country and % for different countries if more than one);*
 - ✓ *Percentage of manufactured products exported (by countries, if exports are made to more than one country);*
 - ✓ *Use of CFCs and HCF Cs over the past three years and sources of supply.*
 - ✓ *Has there been previous financial assistance from the GEF to phase out CFCs and HCF Cs, if yes, please describe.*
 - ✓ *Actual production of products using ODS and HFCs over the last 3 years by type/model*
- Collect and incorporate data obtained in accordance with the methodological guidelines to study HFC consumption and its annexes.
- At the request of UNDP and/or the Team Leader, assist in obtaining any other verifications, documentation or information from the identified HFCs users.
- Facilitate organization and conduct of meetings with key decision-makers and technical specialists from stakeholder organizations, especially major users of HFCs, as well as organizing site visits.
- Facilitate discussions of alternative technologies with interested industrial and commercial enterprises in various industries and sub-sectors. Discussions should be held in close cooperation with and under the guidance of UNDP International Consultant.
- Assist in organizing stakeholder consultation workshops or other necessary outreach activities.
- Assist UNDP Country Office and Team Leader to identify and develop priority actions (in the short-, medium- and long-term periods).

For detailed information, please refer to Annex 1- Terms of Reference.

IV. REQUIREMENTS FOR EXPERIENCE AND QUALIFICATIONS

Education:

- Advanced university degree in Refrigeration Engineering, Environmental Science, Natural Resource Management, Climate Change, or other relevant disciplines. **(Criteria A)**

Qualification:

- Excellent understanding of the country's context and environmental issues. **(Criteria B)**

- Sound knowledge of International/Global Treaties on Chemicals. **(Criteria C)**

Experience:

- At least 5 years of experience in project management, administration and implementation with national and/or international partners in the field of climate change, environmental and biodiversity conservation. **(Criteria D)**
- At least 10 years of experience in undertaking surveys and assessments related to HCFCs and HFCs. **(Criteria E)**

Language:

- Fluency in Tajik and Russian. **(Criteria F)**

KEY COMPETENCIES

Functional Competencies:

- Professionalism.
- Communication.
- Teamwork.
- Accountability.

Corporate Competencies:

- Demonstrates integrity by modelling the UN's values and ethical standards.
- Promotes the vision, mission, and strategic goals of UNDP.
- Displays cultural, gender, religion, race, nationality and age sensitivity and adaptability.
- Treats all people fairly without favouritism.
- Fulfils all obligations to gender sensitivity and zero tolerance for sexual harassment.

V. DOCUMENTS TO BE INCLUDED WHEN SUBMITTING THE PROPOSALS.

Interested individual consultants must submit the following documents/information to demonstrate their qualifications:

1. **Offeror's letter to UNDP confirming interest and availability (Annex 2)**
2. **Proposal:**
 - (i) Explaining why you are the most suitable for the work
 - (ii) Provide a brief methodology on how you will approach and conduct the work. The Methodology is a subject for evaluation **(Criteria G)**.

3. **Financial proposal:**

The financial proposal must indicate the lump sum fee, which is required for the execution of tasks. To submit Financial Proposal, please use the Template of Submission of Financial Proposal provided in Annex 3.

4. **CV including past experience in similar projects and at least 3 references**

VI. FINANCIAL PROPOSAL

The financial proposal shall specify a total lump sum amount, and payment terms around specific and measurable (qualitative and quantitative) deliverables (i.e. whether payments fall in installments or upon completion of the entire contract). Payments are based upon output, i.e. upon delivery of the services specified in the TOR. The Financial proposal must indicate the Professional fee only, which is required for execution of tasks.

Regardless of purpose of travel, the prevailing price for an economy class tickets serving the most direct routes to be travelled shall apply for all ICs. In general, UNDP should not accept travel costs exceeding those of a full-fare economy class ticket. Individual Contractors wishing to upgrade their travel to business, or first class shall do so at their own expense.

ICs may allocate living allowances for them when an assignment requires travel and include such allowances in their financial proposals. Such living allowances may be lower or equal to UN DSA rates, but under no circumstance should they be higher than UN DSA rates. (UN DSA rate for Dushanbe - 164 USD, for Regional Centres – 65 USD and elsewhere - 45 USD, Khorog – 98, Darvaz (Karon Palace) – 111 USD)

At any time upon the submission of the proposal, no price variation due to escalation, inflation, fluctuation in exchange rates, or any other market factors shall be accepted by UNDP after it has received the proposal

VII. TRAVEL

The National Lead Expert will work both remotely from home and in the field.

VIII. EVALUATION

Individual consultant will be evaluated based on a cumulative analysis methodology, by Desk review process The award of the Contract shall be made to the individual consultant whose offer has been evaluated and determined as:

a) responsive/compliant/acceptable, and

b) Having received the highest score out of a weighted set of technical and financial criteria.

* Technical Criteria weight – 70%;

* Financial Criteria weight – 30%;

<i>Criteria</i>	<i>Weight</i>	<i>Max. Point</i>
<i>Technical</i>	<i>70%</i>	<i>70</i>
• <i>Criteria A</i>		<i>10</i>
• <i>Criteria B</i>		<i>10</i>
• <i>Criteria C</i>		<i>10</i>
• <i>Criteria D</i>		<i>10</i>
• <i>Criteria E</i>		<i>5</i>
• <i>Criteria F</i>		<i>10</i>
• <i>Criteria G</i>		<i>15</i>
<i>Financial</i>	<i>30%</i>	<i>30</i>

Only candidates obtaining a minimum of 49 points in Technical Criteria evaluation will be considered for the Financial Evaluation.

ANNEXES

ANNEX 1 – TERMS OF REFERENCES (TOR)

ANNEX 2 – OFFEROR’S LETTER TO UNDP CONFIRMING INTEREST AND AVAILABILITY

ANNEX 3 – BREAKDOWN OF COSTS - SUPPORTING THE ALL-INCLUSIVE FINANCIAL PROPOSAL

ANNEX 4 – INDIVIDUAL CONSULTANT GENERAL TERMS AND CONDITIONS

ANNEX 5 – SAMPLE INDIVIDUAL CONTRACT

TERMS OF REFERENCE

Country:	Tajikistan
Description of Assignment:	National Lead Technical Expert on the review and processing data for the development of Project Identification Form to phase down hydrofluorocarbons (HFCs) in the Republic of Tajikistan
Project name:	Climate Change, Energy and Environment and Disaster Risk Reduction Portfolio
Period of assignment/services:	78 working days during January - April 2023
Type of Contract:	IC (Individual Consultant)
Duty station:	Dushanbe, Tajikistan, with possible missions to the field to the regional administrative centres

I. PROJECT CONTEXT

The United Nations Development Programme (UNDP) operates in over 170 countries and territories, helping to achieve the eradication of poverty, to reduce inequalities and to increase sustainability. One of its critical priorities for 2020 is to support countries to accelerate ambitious action on climate change.

A healthy ozone layer and climate are essential to meeting all of the Sustainable Development Goals. The Montreal Protocol continues to protect people and planet alike. The Kigali Amendment to the Montreal Protocol agreed in October 2016 is expected to avoid up to 0.4°C of global warming by the end of this century through phasing down the use of hydrofluorocarbons (HFCs), powerful climate-heating gases largely used in cooling systems. Cooling is essential to human health, food security, economic productivity, and is becoming more important in the context of increasing global mean temperatures accompanied by more extreme heat waves. It is urgent to assist developing countries to access and scale up the use of the efficient and sustainable cooling technologies as a priority for tackling and adapting to the climate change.

UNDP's current Montreal Protocol portfolio covers 56 countries supported by the Multilateral Fund and 5 countries supported by the Global Environment Facility (GEF). UNDP helps countries to meet the objectives of the Montreal Protocol on the phase-out of Ozone Depleting Substances (ODS) and HFC phase down under the Kigali Amendment.

The Republic of Tajikistan, as a country with economy in transition, honours its international commitments under the Montreal Protocol and is undertaking successful actions to accelerate the phase out of hydrochlorofluorocarbons (HCFCs).

On the 29th of June 2022, the Government of Tajikistan ratified the Kigali Amendment to the Montreal Protocol. The Kigali Amendment brings the future production and consumption of hydrofluorocarbons (HFCs) under the control of the Protocol and will make a major contribution towards the fight against climate change.

According to the Kigali Amendment, Tajikistan is facing an ambitious reduction schedule to phase down 5% of HFCs at 2020 from their baseline level, 35% at 2025 and 70% at 2029.

The Committee on Environmental Protection under the Government of the Republic of Tajikistan has requested UNDP's support to access financial support from GEF to phase down HFCs to meet the reduction target for the Kigali Amendment. This will be achieved through the development of a Project Identification Form (PIF)². The PIF should:

- be aligned with the national priorities and policy frameworks of the Government of Tajikistan,
- be in accordance with the GEF-8 programming strategy, particularly the chemicals and waste focal area, and
- meet the relevant requirements of the Kigali Amendment.

UNDP Country Office in Tajikistan is thus seeking to recruit an experienced National Lead Expert who possesses excellent understanding of country context, knowledge of chemicals (HCFCs and HFCs) and assist Team Leader with the development of the PIF to UNDP-GEF to achieve Kigali targets on HFCs phase out in Tajikistan

II. GOALS AND OBJECTIVES

Under direct supervision of UNDP Team Leader on Climate Change, Energy and Environment and Disaster Risk Reduction, and technical guidance of the Team Leader and the UNDP-GEF team in Istanbul Regional Hub, as well as in close

² UNDP/GEF PIF Template and Guidance will be provided by UNDP Country Office

collaboration with the team of experts, a National Lead Technical Expert will bear responsibility to provide technical assistance in undertaking analysis and study of HFCs consumption in the country, determining an estimated HFCs consumption baseline and developing a Project Identification Form (PIF).

III. THE SCOPE OF WORK

Specific tasks and responsibilities of the National Lead Technical Expert include:

- Participate in the review of current regulations and policies on the implementation of the Montreal Protocol as well as the relevant climate action in Tajikistan and identify the activities to be needed in terms of policy framework and regulatory work for compliance with the Kigali Amendment.
- Coordinate organization, preparation and execution of the activities in conjunction with UNDP Country Office, UNDP-GEF and the Team Leader.
- Participate in coordination meetings and collaborate with other national experts working on other aspects of the assignment.
- Assist in finalization of the methodological guidelines to study HFC consumption in Tajikistan.
- Act as a local coordinator for the study and related data collection and consolidation.
- Review and analyze data on the current national legal and regulatory frameworks governing the use of ODS/HCFCs and HFCs, including a description of applicable laws, regulations (licensing, import and export controls, any distribution quotas, etc.), as well as current organizational structure, and an assessment of existing administrative practices and availability of funds necessary to implement them. This also includes any elements of previous international financial assistance, including investment and other aspects of the ODS/HCFC phase-outs.
- Conduct a detailed review and analysis of existing data on HCFCs and other ODSs that have been officially submitted by Tajikistan to the Ozone Secretariat of the Montreal Protocol since 1997, including official data on imports/exports, trade and consumption derived from the national ODS licensing system and customs information (if applicable);
- Conduct a desk review for preparation of a situational analysis of consumption (and, where applicable, production), import, export/re-export of HFCs and distribution channels within the country. Calculation and determination of the baseline of HFC consumption for Tajikistan, according to the endorsed methodology of the Kigali Amendment of the Montreal Protocol in CO₂ equivalent.
- Interact with various suppliers/importers/distributors of chemicals and equipment and/or their representatives, relevant industry associations that are consumers of HFCs.
- When needed, pay visits to individual largest consumers (target enterprises) and collect baseline information about the enterprises and other documentation in accordance with the methodological to study HFC consumption. Information gathered at the enterprise level, where practicable, should include, but is not limited to, the following information:
 - ✓ *General history of the enterprise, scope of activities, production capacity and product range;*
 - ✓ *Dates of commissioning of the respective production lines;*
 - ✓ *Percentages of local and foreign investments (specify country and % for different countries if more than one);*
 - ✓ *Percentage of manufactured products exported (by countries, if exports are made to more than one country);*
 - ✓ *Use of CFCs and HCFCs over the past three years and sources of supply.*
 - ✓ *Has there been previous financial assistance from the GEF to phase out CFCs and HCFCs, if yes, please describe.*
 - ✓ *Actual production of products using ODS and HFCs over the last 3 years by type/model*
- Collect and incorporate data obtained in accordance with the methodological guidelines to study HFC consumption and its annexes.
- At the request of UNDP and/or the Team Leader, assist in obtaining any other verifications, documentation or information from the identified HFCs users.
- Facilitate organization and conduct of meetings with key decision-makers and technical specialists from stakeholder organizations, especially major users of HFCs, as well as organizing site visits.
- Facilitate discussions of alternative technologies with interested industrial and commercial enterprises in various industries and sub-sectors. Discussions should be held in close cooperation with and under the guidance of UNDP International Consultant.
- Assist in organizing stakeholder consultation workshops or other necessary outreach activities.

- Assist UNDP Country Office and Team Leader to identify and develop priority actions (in the short-, medium- and long-term periods).

IV. DELIVERABLES AND TIMELINES

#	Deliverables:	Timeline
1	Inception report which includes an understanding of the assignment and detailed work plan. The Inception report will be consulted/agreed by the Team Leader	18 January 2023 10 working days
2	Initial progress report containing a) results of a desk review, including information and documentation on the current national ODS/HCFC and HFC regulatory framework; b) analysis and documentation of the official database of historical data on import/export, trade and consumption of HCFCs and other relevant chemicals	03 February 2023 20 working days
3	Draft report with (a) research findings to date; (b) an expanded database on HFC consumption and trade; (c) initial calculation to determine the "Baseline" of HFC consumption in CO2 equivalent.	03 March 2023 14 working days
4	Draft report including analysis and projected trends of HFC consumption and its alternatives up to 2029 and preliminary findings and recommendations	21 March 2023 14 working days
5	Final report on the assignment including conclusions and recommendations as well as inputs needed to identify future HFCs investment opportunities	30 April 2023 20 working days

VI. PROFESSIONAL SKILLS AND EXPERTISE

Education:

- Advanced university degree in Refrigeration Engineering, Environmental Science, Natural Resource Management, Climate Change, or other relevant disciplines. **(Criteria A)**

Qualification:

- Excellent understanding of the country's context and environmental issues. **(Criteria B)**
- Sound knowledge of International/Global Treaties on Chemicals. **(Criteria C)**

Experience:

- At least 5 years of experience in project management, administration and implementation with national and/or international partners in the field of climate change, environmental and biodiversity conservation. **(Criteria D)**
- At least 10 years of experience in undertaking surveys and assessments related to HCFCs and HFCs. **(Criteria E)**

Language:

- Fluency in Tajik and Russian. **(Criteria F)**

Key Competencies

Functional Competencies:

- Professionalism;
- Communication;
- Teamwork;
- Accountability.

Corporate Competencies:

- Demonstrates integrity by modelling the UN's values and ethical standards;
- Promotes the vision, mission, and strategic goals of UNDP;
- Displays cultural, gender, religion, race, nationality and age sensitivity and adaptability;
- Treats all people fairly without favouritism;
- Fulfils all obligations to gender sensitivity and zero tolerance for sexual harassment.

ТЕХНИЧЕСКОЕ ЗАДАНИЕ

Страна:	Таджикистан
Описание задания:	Ведущий национальный технический эксперт по рассмотрению и обработке данных для разработки Формы идентификации проекта по поэтапному сокращению гидрофторуглеродов (ГФУ) в Республике Таджикистан
Название проекта:	Портфель проектов кластера «Изменение климата, энергетика и окружающая среда, и снижение риска бедствий
Срок выполнения задания/услуг:	78 рабочих дней, период с января по апрель 2023 г.
Тип контракта:	Частный консультант
Места работ:	Душанбе, Таджикистан, с возможными поездками на места – в административные центры регионов

I. КОНТЕКСТ ПРОЕКТА

Программа Развития Организации Объединенных Наций (ПРООН) осуществляет свою деятельность в более чем 170 странах и территориях, помогая искоренять бедность, сокращать неравенство и повышать устойчивость. Одним из важнейших приоритетов на 2020 год является поддержка стран в ускорении амбициозных действий по борьбе с изменением климата.

Полноценный озоновый слой и климат необходимы для достижения всех целей в области устойчивого развития. Монреальский протокол продолжает защищать как людей, так и планету. Ожидается, что Кигалийская поправка к Монреальскому протоколу, согласованная в октябре 2016 года, позволит избежать повышение глобальной температуры на 0,4 °C к концу этого века за счет поэтапного сокращения использования гидрофторуглеродов (ГФУ), сильно нагревающих климат газов, которые в основном используются в системах охлаждения. Охлаждение имеет важное значение для здоровья человека, продовольственной безопасности, экономической производительности и становится все более важным в контексте повышения глобальных средних температур, сопровождаемого более экстремальными волнами тепла. Крайне важно помочь развивающимся странам получить доступ к эффективным и устойчивым технологиям охлаждения и расширить их использование в качестве приоритета для решения проблемы изменения климата и адаптации к нему.

Текущий портфель проектов ПРООН по Монреальскому протоколу охватывает 56 стран, поддерживаемых Многосторонним фондом, и 5 стран, поддерживаемых Глобальным экологическим фондом (ГЭФ). ПРООН помогает странам достичь целей Монреальского протокола по поэтапному отказу от озоноразрушающих веществ (ОРВ) и поэтапному отказу от ГФУ в соответствии с Кигалийской поправкой.

Республика Таджикистан, как страна с переходной экономикой, соблюдает свои международные обязательства по Монреальскому протоколу и предпринимает успешные действия по ускорению поэтапного отказа от гидрохлорфторуглеродов (ГХФУ).

29 июня 2022 года Правительство Таджикистана ратифицировало Кигалийскую поправку к Монреальскому протоколу. Кигалийская поправка ставит будущее производство и потребление гидрофторуглеродов (ГФУ) под контроль Протокола и внесёт важный вклад в борьбу с изменением климата.

Согласно Кигалийской поправке, перед Таджикистаном стоит амбициозный график сокращения выбросов ГФУ на 5% к 2020 году по сравнению с их базовым уровнем, на 35% к 2025 году и на 70% к 2029 году.

Комитет по охране окружающей среды при Правительстве Республики Таджикистан запросил поддержку ПРООН для получения финансовой поддержки от ГЭФ для поэтапного сокращения ГФУ чтобы достичь цели сокращения по Кигалийской поправке. Это будет достигнуто за счет разработки Формы идентификации проекта (PIF)³. Данная форма должна:

- согласовываться с национальными приоритетами и с основами политики Правительства Таджикистана,

³ Форма идентификации проекта и руководство ПРООН/ГЭФ будут предоставлены головным офисом ПРООН

- быть в соответствии со стратегией программирования ГЭФ-8, особенно в области Химических Веществ и Отходов, и
- отвечать соответствующим требованиям Кигалийской поправки.

Таким образом, головной офис ПРООН в Таджикистане ищет опытного национального ведущего технического эксперта, который обладает отличным пониманием ситуации в стране, знаниями о химических веществах (ГХФУ и ГФУ), чтобы содействовать руководителю группы в разработке Формы идентификации проекта для ПРООН-ГЭФ чтобы достичь целей Кигали по поэтапному отказу от ГФУ в Таджикистане.

II. ЦЕЛИ И ЗАДАЧИ

Под непосредственным руководством руководителя группы ПРООН по вопросам изменения климата, энергетики и окружающей среды и снижения риска бедствий, и под техническим руководством руководителя группы и группы ПРООН-ГЭФ в Региональном центре в Стамбуле, а также в тесном сотрудничестве с группой экспертов, Ведущий национальный технический эксперт будет нести ответственность за оказание технической помощи в проведении анализа и изучения потребления ГФУ в стране, определении расчетного базового уровня потребления ГФУ и разработке Формы идентификации проекта.

III. ОБЪЕМ РАБОТ

Определённые задачи и обязанности национального ведущего технического эксперта включают:

- Принятие участия в обзоре действующих правил и процедур по реализации Монреальского протокола, а также соответствующих действий по борьбе с изменением климата в Таджикистане и определение необходимых действий с точки зрения основ политики и нормативной работы для соблюдения Кигалийской поправки.
- Координирование организации, подготовки и выполнения мероприятий совместно с головным офисом ПРООН, ПРООН-ГЭФ и руководителем группы.
- Участие в координационных совещаниях и сотрудничество с другими национальными экспертами, работающими над дополнительными аспектами задания.
- Содействие в доработке методических указаний по изучению потребления ГФУ в Таджикистане.
- Выступление в качестве местного координатора по исследованию, сбору и консолидации связанных данных.
- Обзор и анализ данных о действующих национальных нормативно-правовых базах, регулирующих использование ОРВ/ГХФУ и ГФУ, включая описание применимых законов, правил (лицензирование, контроль за импортом и экспортом, любые квоты на распространение и т. д.), а также действующая организационная структура, и оценка существующей административной практики и наличия средств, необходимых для ее реализации. Это также включает любые элементы предыдущей международной финансовой помощи, включая инвестиции и другие аспекты поэтапного отказа от ОРВ/ГХФУ.
- Проведение подробного обзора и анализа существующих данных о ГХФУ и других ОРВ, которые были официально представлены Таджикистаном в Секретариат по озону Монреальского протокола 1997 года, включая официальные данные об импорте/экспорте, торговле и потреблении, полученные из национальной системы лицензирования ОРВ и таможенной информации (если применимо);
- Проведение анализа документации с целью подготовки ситуационного анализа потребления (и, где применимо, производства), импорта, экспорта/реэкспорта ГФУ и каналов сбыта внутри страны. Расчет и определение базового уровня потребления ГФУ для Таджикистана в соответствии с утвержденной методологией Кигалийской поправки к Монреальскому протоколу в эквиваленте CO₂.
- Взаимодействие с различными поставщиками/импортёрами/дистрибьюторами химикатов и оборудования и/или их представителями, соответствующими отраслевыми ассоциациями, являющимися потребителями ГФУ.
- При необходимости выезд к отдельным крупным потребителям (целевым предприятиям) и сбор исходной информации о предприятиях и другой документации в соответствии с методологией изучения потребления ГФУ. Информация, собранная на уровне предприятия, должна, по возможности, включать в себя, помимо прочего, следующую информацию:
 - ✓ *Общая история предприятия, сфера деятельности, производственные мощности и ассортимент продукции;*
 - ✓ *Даты ввода в эксплуатацию соответствующих производственных линий;*
 - ✓ *Проценты местных и иностранных инвестиций (указать страну и % для разных стран, если их несколько);*

- ✓ Процент экспортируемой промышленной продукции (по странам, если экспорт осуществляется более чем в одну страну);
 - ✓ Использование ХФУ и ГХФУ за последние три года и источники поставки.
 - ✓ Оказывалась ли ранее финансовая помощь со стороны ГЭФ для поэтапного отказа от ХФУ и ГХФУ, если да, пожалуйста, опишите.
 - ✓ Фактическое производство продукции с использованием ОРВ и ГФУ за последние 3 года по типу/модели.
- Сбор и включение данных, полученных в соответствии с методическими указаниями по изучению потребления ГФУ и приложениями к ним.
 - По запросу ПРООН и/или руководителя группы оказание содействия в получении любых других подтверждений, документации или информации от идентифицированных пользователей ГФУ.
 - Содействие в организации и проведении встреч с ключевыми лицами, принимающими решения, и техническими специалистами из заинтересованных организаций, особенно с крупными пользователями ГФУ, а также организация посещений в объекты.
 - Содействие в обсуждении альтернативных технологий с заинтересованными промышленными и коммерческими предприятиями в различных отраслях и подотраслях. Обсуждения должны проводиться в тесном сотрудничестве с международным консультантом ПРООН и под его руководством.
 - Оказание помощи в организации консультационных семинаров с заинтересованными сторонами или других необходимых информационно-разъяснительных мероприятий.
 - Содействие головному офису ПРООН и руководителю группы в определении и разработке приоритетных действий (в краткосрочной, среднесрочной и долгосрочной перспективе).

IV. РЕЗУЛЬТАТЫ И СРОКИ

#	Результаты:	Временные рамки
1	Первоначальный отчет, который включает в себя понимание задания и подробный план работы. Первоначальный отчет будет обсуждаться/согласовываться руководителем группы.	18 января 2023 10 рабочих дней
2	Первоначальный отчет о ходе работ, содержащий а) результаты анализа документации, включая информацию и документацию по действующей национальной нормативно-правовой базе по ОРВ/ГХФУ и ГФУ; б) анализ и документирование официальной базы данных исторических данных об импорте/экспорте, торговле и потреблении ГХФУ и других соответствующих химических веществ.	03 февраля 2023 20 рабочих дней
3	Проект отчета с а) результатами исследований на текущий день; б) расширенной базы данных по потреблению и торговле ГФУ; с) первоначальным расчетом для определения «базового уровня» потребления ГФУ в эквиваленте CO ₂ .	03 марта 2023 14 рабочих дней

5	Окончательный отчет по заданию, включая выводы и рекомендации, а также материалы, необходимые для определения будущих инвестиционных возможностей ГФУ.	30 апреля 2023 20 рабочих дней

VI. ПРОФЕССИОНАЛЬНЫЕ НАВЫКИ И ОПЫТ

Образование:

- Высшее образование в области холодильной техники, наук об окружающей среде, управления природными ресурсами, изменения климата или других соответствующих дисциплин. **(Критерия А)**

Квалификация:

- Отличное понимание контекста страны и проблем связанных с окружающей средой. **(Критерия В)**
- Хорошее знание международных/глобальных договоров по химическим веществам. **(Критерия С)**

Опыт:

- Не менее 5 лет опыта управления, администрирования и реализации проектов с национальными и/или международными партнерами в области изменения климата, охраны окружающей среды и сохранения биоразнообразия. **(Критерия D)**
- Не менее 10 лет опыта проведения обзора, анализа и оценок, связанных с ГХФУ и ГФУ. **(Критерия E)**

Язык:

- Свободное владение таджикским и русским языками. **(Критерия F)**

Ключевые компетенции:

Функциональные компетенции:

- Профессионализм;
- Коммуникабельность;
- Командная работа;
- Ответственность.

Корпоративные компетенции:

- Демонстрирует честность, моделируя ценности и этические стандарты ООН;
- Продвигает видение, миссию и стратегические цели ПРООН;
- Демонстрирует культурную, гендерную, религиозную, расовую, национальную и возрастную чувствительность и адаптивность;
- Относится ко всем людям справедливо, без фаворитизма;
- Выполняет все обязательства по гендерной чувствительности и нулевой терпимости к сексуальным домогательствам.

**OFFEROR'S LETTER TO UNDP
CONFIRMING INTEREST AND AVAILABILITY
FOR THE INDIVIDUAL CONTRACTOR (IC) ASSIGNMENT**

Date _____

(Name of Resident Representative/Bureau Director)

United Nations Development Programme

(Specify complete office address)

Dear Sir/Madam:

I hereby declare that:

- a) I have read, understood and hereby accept the Terms of Reference describing the duties and responsibilities of [*indicate title of assignment*] under the [*state project title*];
- b) I have also read, understood and hereby accept UNDP's General Conditions of Contract for the Services of the Individual Contractors;
- c) I hereby propose my services and I confirm my interest in performing the assignment through the submission of my Resume or CV which I have duly signed and attached hereto as Annex 1;
- d) In compliance with the requirements of the Terms of Reference, I hereby confirm that I am available for the entire duration of the assignment, and I shall perform the services in the manner described in my proposed approach/methodology which I have attached hereto as Annex 3 **[delete this item if the TOR does not require submission of this document]**;
- e) I hereby propose to complete the services based on the following payment rate : *[pls. check the box corresponding to the preferred option]*:
- An all-inclusive daily fee of *[state amount in words and in numbers indicating currency]*
- A total lump sum of *[state amount in words and in numbers, indicating exact currency]*, payable in the manner described in the Terms of Reference.
- f) For your evaluation, the breakdown of the abovementioned all-inclusive amount is attached hereto as Annex 2;
- g) I recognize that the payment of the abovementioned amounts due to me shall be based on my delivery of outputs within the timeframe specified in the TOR, which shall be subject to UNDP's review, acceptance and payment certification procedures;
- h) This offer shall remain valid for a total period of _____ days *[minimum of 90 days]* after the submission deadline;
- i) I confirm that I have no first degree relative (mother, father, son, daughter, spouse/partner, brother or sister) currently employed with any UN agency or office *[disclose the name of the relative, the UN office employing the relative, and the relationship if, any such relationship exists]*;
- j) If I am selected for this assignment, I shall *[pls. check the appropriate box]*:
- Sign an Individual Contract with UNDP;
- Request my employer *[state name of company/organization/institution]* to sign with UNDP a Reimbursable Loan Agreement (RLA), for and on my behalf. The contact person and details of my employer for this purpose are as follows:
- _____
- k) I hereby confirm that *[check all that applies]*:

At the time of this submission, I have no active Individual Contract or any form of engagement with any Business Unit of UNDP;

I am currently engaged with UNDP and/or other entities for the following work :

Assignment	Contract Type	UNDP Business Unit / Name of Institution/Company	Contract Duration	Contract Amount

I am also anticipating conclusion of the following work from UNDP and/or other entities for which I have submitted a proposal :

Assignment	Contract Type	Name of Institution/ Company	Contract Duration	Contract Amount

- l) I fully understand and recognize that UNDP is not bound to accept this proposal, and I also understand and accept that I shall bear all costs associated with its preparation and submission and that UNDP will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the selection process.
- m) **If you are a former staff member of the United Nations recently separated, pls. add this section to your letter:** I hereby confirm that I have complied with the minimum break in service required before I can be eligible for an Individual Contract.
- n) I also fully understand that, if I am engaged as an Individual Contractor, I have no expectations nor entitlements whatsoever to be re-instated or re-employed as a staff member.

INDIVIDUAL CONSULTANT GENERAL TERMS AND CONDITIONS**GENERAL CONDITIONS OF CONTRACT
FOR THE SERVICES OF INDIVIDUAL CONTRACTORS****1. LEGAL STATUS:**

The Individual contractor shall have the legal status of an independent contractor vis-à-vis the United Nations Development Programme (UNDP), and shall not be regarded, for any purposes, as being either a “staff member” of UNDP, under the UN Staff Regulations and Rules, or an “official” of UNDP, for purposes of the Convention on the Privileges and Immunities of the United Nations, adopted by the General Assembly of the United Nations on 13 February 1946. Accordingly, nothing within or relating to the Contract shall establish the relationship of employer and employee, or of principal and agent, between UNDP and the Individual contractor. The officials, representatives, employees or subcontractors of UNDP and of the Individual contractor, if any, shall not be considered in any respect as being the employees or agents of the other, and UNDP and the Individual contractor shall be solely responsible for all claims arising out of or relating to its engagement of such persons or entities.

2. STANDARDS OF CONDUCT:

In General: The Individual contractor shall neither seek nor accept instructions from any authority external to UNDP in connection with the performance of its obligations under the Contract. Should any authority external to UNDP seek to impose any instructions on the Contract regarding the Individual contractor’s performance under the Contract, the Individual contractor shall promptly notify UNDP and shall provide all reasonable assistance required by UNDP. The Individual contractor shall not take any action in respect of its performance of the Contract or otherwise related to its obligations under the Contract that may adversely affect the interests of UNDP, and the Individual contractor shall perform its obligations under the Contract with the fullest regard to the interests of UNDP. The Individual contractor warrants that it has not and shall not offer any direct or indirect benefit arising from or related to the performance of the Contract or the award thereof to any representative, official, employee or other agent of UNDP. The Individual contractor shall comply with all laws, ordinances, rules and regulations bearing upon the performance of its obligations under the Contract. In the performance of the Contract the Individual contractor shall comply with the standards of conduct set in the Secretary General’s Bulletin ST/SGB/2002/9 of 18 June 2002, entitled “Regulations Governing the Status, Basic Rights and Duties of Officials other than Secretariat Officials, and Expert on Mission”. The individual contractor must comply with all Security Directives issued by UNDP. Failure to comply with such security directives is grounds for termination of the Contract for cause.

Prohibition of Sexual Exploitation and Abuse: In the performance of the Contract, the Individual contractor shall comply with the standards of conduct set forth in the Secretary-General’s bulletin ST/SGB/2003/13 of 9 October 2003, concerning “Special measures for protection from sexual exploitation and sexual abuse”. In particular, the Individual contractor shall not engage in any conduct that would constitute sexual exploitation or sexual abuse, as defined in that bulletin.

The Individual contractor acknowledges and agrees that any breach of any of the provisions hereof shall constitute a breach of an essential term of the Contract, and, in addition to any other legal rights or remedies available to any person, shall give rise to grounds for termination of the Contract. In addition, nothing herein shall limit the right of UNDP to refer any alleged breach of the foregoing standards of conduct to the relevant national authorities for appropriate legal action.

3. TITLE RIGHTS, COPYRIGHTS, PATENTS AND OTHER PROPRIETARY RIGHTS:

Title to any equipment and supplies that may be furnished by UNDP to the Individual contractor for the performance of any obligations under the Contract shall rest with UNDP, and any such equipment shall be returned to UNDP at the conclusion of the Contract or when no longer needed by the Individual contractor. Such equipment, when returned to UNDP, shall be in the same condition as when delivered to the Individual contractor, subject to normal wear and tear, and the Individual contractor shall be liable to compensate UNDP for any damage or degradation of the equipment that is beyond normal wear and tear.

UNDP shall be entitled to all intellectual property and other proprietary rights, including, but not limited to, patents, copyrights and trademarks, with regard to products, processes, inventions, ideas, know-how or documents and other materials which the Individual contractor has developed for UNDP under the Contract and which bear a direct relation to or are produced or prepared or collected in consequence of, or during the course of, the performance of the Contract, and the Individual contractor acknowledges and agrees that such products, documents and other materials constitute works made for hire for UNDP. However, to the extent that any such intellectual property or other proprietary rights consist of any intellectual property or other proprietary rights of the Individual contractor: (a) that pre-existed the performance by the Individual contractor of its obligations under the Contract, or (b) that the Individual contractor may develop or acquire, or may have developed or acquired, independently of the performance of its obligations under the Contract, UNDP does not and shall not claim any ownership interest thereto, and the Individual contractor grants to UNDP a perpetual licence to use such intellectual property or other proprietary right solely for the purposes of and in accordance with the requirements of the Contract. At the request of UNDP, the Individual contractor shall take all necessary steps, execute all necessary documents and generally assist in securing such proprietary rights and transferring or licensing them to UNDP in compliance with the requirements of the

applicable law and of the Contract. Subject to the foregoing provisions, all maps, drawings, photographs, mosaics, plans, reports, estimates, recommendations, documents and all other data compiled by or received by the Individual contractor under the Contract shall be the property of UNDP, shall be made available for use or inspection by UNDP at reasonable times and in reasonable places, shall be treated as confidential and shall be delivered only to UNDP authorized officials on completion of work under the Contract

4. CONFIDENTIAL NATURE OF DOCUMENTS AND INFORMATION:

Information and data that are considered proprietary by either UNDP or the Individual contractor or that are delivered or disclosed by one of them (“Discloser”) to the other (“Recipient”) during the course of performance of the Contract, and that are designated as confidential (“Information”), shall be held in confidence and shall be handled as follows. The Recipient of such Information shall use the same care and discretion to avoid disclosure, publication or dissemination of the Discloser’s Information as it uses with its own similar information that it does not wish to disclose, publish or disseminate, and the Recipient may otherwise use the Discloser’s Information solely for the purpose for which it was disclosed. The Recipient may disclose confidential Information to any other party with the Discloser’s prior written consent, as well as to the Recipient’s employees, officials, representatives and agents who have a need to know such confidential Information solely for purposes of performing obligations under the Contract. Subject to and without any waiver of the privileges and immunities of UNDP, the Individual contractor may disclose Information to the extent required by law, *provided that* the Individual contractor will give UNDP sufficient prior notice of a request for the disclosure of Information in order to allow UNDP to have a reasonable opportunity to take protective measures or such other action as may be appropriate before any such disclosure is made. UNDP may disclose Information to the extent as required pursuant to the Charter of the United Nations, resolutions or regulations of the General Assembly or its other governing bodies, or rules promulgated by the Secretary-General. The Recipient shall not be precluded from disclosing Information that is obtained by the Recipient from a third party without restriction, is disclosed by the Discloser to a third party without any obligation of confidentiality, is previously known by the Recipient, or at any time is developed by the Recipient completely independently of any disclosures hereunder. These obligations and restrictions of confidentiality shall be effective during the term of the Contract, including any extension thereof, and, unless otherwise provided in the Contract, shall remain effective following any termination of the Contract.

5. TRAVEL, MEDICAL CLEARANCE AND SERVICE INCURRED DEATH, INJURY OR ILLNESS:

If the Individual contractor is required by UNDP to travel beyond commuting distance from the Individual contractor’s usual place of residence, and upon prior written agreement, such travel shall be at the expense of UNDP . Such travel shall be at economy care when by air.

UNDP may require the Individual contractor to submit a Statement of Good Health from a recognized physician prior to commencement of work in any offices or premises of UNDP or before engaging in any travel required by UNDP or connected with the performance of the Contract. The Individual contractor shall provide such a Statement of Good Health as soon as practicable following such request, and prior to engaging in any such travel, and the Individual contractor warrants the accuracy of any such Statement, including, but not limited to, confirmation that the Individual contractor has been fully informed regarding the requirements for inoculations for the country or countries to which travel may be authorized.

In the event of the death, injury or illness of the Individual contractor which is attributable to the performance of services on behalf of UNDP under the terms of the Contract while the Individual contractor is traveling at UNDP expense or is performing any services under the Contract in any offices or premises of UNDP, the Individual contractor or the Individual contractor’s dependants, as appropriate, shall be entitled to compensation equivalent to that provided under the UNDP insurance policy, available upon request.

6. PROHIBITION ON ASSIGNMENT; MODIFICATIONS:

The Individual contractor may not assign, delegate, transfer, pledge or make any other disposition of the Contract, of any part thereof, or of any of the rights, claims or obligations under the Contract except with the prior written authorization of UNDP, and any attempt to do so shall be null and void. The terms or conditions of any supplemental undertakings, licences or other forms of Contract concerning any goods or services to be provided under the Contract shall not be valid and enforceable against UNDP nor in any way shall constitute an Contract by UNDP thereto, unless any such undertakings, licences or other forms of Contract are the subject of a valid written undertaking by UNDP. No modification or change in the Contract shall be valid and enforceable against UNDP unless provided by means of a valid written amendment to the Contract signed by the Individual contractor and an authorized official or appropriate contracting authority of UNDP.

7. SUBCONTRACTORS:

In the event that the Individual contractor requires the services of subcontractors to perform any obligations under the Contract, the Individual contractor shall obtain the prior written approval of UNDP for any such subcontractors. UNDP may, in its sole discretion, reject any proposed subcontractor or require such subcontractor’s removal without having to give any justification therefore, and such rejection shall not entitle the Individual contractor to claim any delays in the performance, or to assert any excuses for the non-performance, of any of its obligations under the Contract. The Individual contractor shall be solely responsible for all services and obligations performed by its subcontractors. The terms of any subcontract shall be subject to, and shall be construed in a manner that is fully in accordance with, all of the terms and conditions of the Contract.

8. USE OF NAME, EMBLEM OR OFFICIAL SEAL OF THE UNITED NATIONS:

The Individual contractor shall not advertise or otherwise make public for purposes of commercial advantage or goodwill that it has a contractual relationship with UNDP, nor shall the Individual contractor, in any manner whatsoever, use the name, emblem or official seal of UNDP, or any abbreviation of the name of UNDP, in connection with its business or otherwise without the written permission of UNDP.

9. INDEMNIFICATION:

The Individual contractor shall indemnify, defend, and hold and save harmless UNDP, and its officials, agents and employees, from and against all suits, proceedings, claims, demands, losses and liability of any kind or nature, including, but not limited to, all litigation costs and expenses, attorney's fees, settlement payments and damages, based on, arising from, or relating to: (a) allegations or claims that the use by UNDP of any patented device, any copyrighted material or any other goods or services provided to UNDP for its use under the terms of the Contract, in whole or in part, separately or in combination, constitutes an infringement of any patent, copyright, trademark or other intellectual property right of any third party; or (b) any acts or omissions of the Individual contractor, or of any subcontractor or anyone directly or indirectly employed by them in the performance of the Contract, which give rise to legal liability to anyone not a party to the Contract, including, without limitation, claims and liability in the nature of a claim for workers' compensation.

10. INSURANCE:

The Individual contractor shall pay UNDP promptly for all loss, destruction or damage to the property of UNDP caused by the Individual contractor, or of any subcontractor, or anyone directly or indirectly employed by them in the performance of the Contract. The Individual contractor shall be solely responsible for taking out and for maintaining adequate insurance required to meet any of its obligations under the Contract, as well as for arranging, at the Individual contractor's sole expense, such life, health and other forms of insurance as the Individual contractor may consider to be appropriate to cover the period during which the Individual contractor provides services under the Contract. The Individual contractor acknowledges and agrees that none of the insurance arrangements the Individual contractor may make shall, in any way, be construed to limit the Individual contractor's liability arising under or relating to the Contract.

11. ENCUMBRANCES AND LIENS:

The Individual contractor shall not cause or permit any lien, attachment or other encumbrance by any person to be placed on file or to remain on file in any public office or on file with UNDP against any monies due to the Individual contractor or to become due for any work done or against any goods supplied or materials furnished under the Contract, or by reason of any other claim or demand against the Individual contractor.

12. FORCE MAJEURE; OTHER CHANGES IN CONDITIONS:

In the event of and as soon as possible after the occurrence of any cause constituting *force majeure*, the Individual contractor shall give notice and full particulars in writing to UNDP of such occurrence or cause if the Individual contractor is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under the Contract. The Individual contractor shall also notify UNDP of any other changes in conditions or the occurrence of any event, which interferes or threatens to interfere with its performance of the Contract. Not more than fifteen (15) days following the provision of such notice of *force majeure* or other changes in conditions or occurrence, the Individual contractor shall also submit a statement to UNDP of estimated expenditures that will likely be incurred for the duration of the change in conditions or the event. On receipt of the notice or notices required hereunder, UNDP shall take such action as it considers, in its sole discretion, to be appropriate or necessary in the circumstances, including the granting to the Individual contractor of a reasonable extension of time in which to perform any obligations under the Contract.

In the event of and as soon as possible after the occurrence of any cause constituting *force majeure*, the Individual contractor shall give notice and full particulars in writing to UNDP of such occurrence or cause if the Individual contractor is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under the Contract. The Individual contractor shall also notify UNDP of any other changes in conditions or the occurrence of any event, which interferes or threatens to interfere with its performance of the Contract. Not more than fifteen (15) days following the provision of such notice of *force majeure* or other changes in conditions or occurrence, the Individual contractor shall also submit a statement to UNDP of estimated expenditures that will likely be incurred for the duration of the change in conditions or the event. On receipt of the notice or notices required hereunder, UNDP shall take such action as it considers, in its sole discretion, to be appropriate or necessary in the circumstances, including the granting to the Individual contractor of a reasonable extension of time in which to perform any obligations under the Contract.

Force majeure as used herein means any unforeseeable and irresistible act of nature, any act of war (whether declared or not), invasion, revolution, insurrection, or any other acts of a similar nature or force, *provided that* such acts arise from causes beyond the control and without the fault or negligence of the Individual contractor. The Individual contractor acknowledges and agrees that, with respect to any obligations under the Contract that the Individual contractor must perform in or for any areas in which UNDP is engaged in, preparing to engage in, or disengaging from any peacekeeping, humanitarian or similar operations, any delay or failure to perform such obligations arising from or relating to harsh conditions within such areas or to any incidents of civil unrest occurring in such areas shall not, in and of itself, constitute *force majeure* under the Contract.

13. TERMINATION:

Either party may terminate the Contract, in whole or in part, upon giving written notice to the other party. The period of notice shall be five (5) days in the case of Contracts for a total period of less than two (2) months and fourteen (14) days in the case of contracts for a longer period. The initiation of conciliation or arbitral proceedings, as provided below, shall not be deemed to be a "cause" for or otherwise to be in itself a termination of the Contract. UNDP may, without prejudice to any other right or remedy available to it, terminate the Contract forthwith in the event that: (a) the Individual contractor is adjudged bankrupt, or is liquidated, or becomes insolvent, applies for moratorium or stay on any payment or repayment obligations, or applies to be declared insolvent; (b) the Individual contractor is granted a moratorium or a stay or is declared insolvent; the Individual contractor makes an assignment for the benefit of one or more of its creditors; (c) a Receiver is appointed on account of the insolvency of the Individual contractor ; (d) the Individual contractor offers a settlement in lieu of bankruptcy or receivership; or (e) UNDP reasonably determines that the Individual contractor has become subject to a materially adverse change in its financial condition that threatens to endanger or otherwise substantially affect the ability of the Individual contractor to perform any of its obligations under the Contract.

In the event of any termination of the Contract, upon receipt of notice of termination by UNDP, the Individual contractor shall, except as may be directed by UNDP in the notice of termination or otherwise in writing: (a) take immediate steps to bring the performance of any obligations under the Contract to a close in a prompt and orderly manner, and in doing so, reduce expenses to a minimum; (b) refrain from undertaking any further or additional commitments under the Contract as of and following the date of receipt of such notice; (c) deliver all completed or partially completed plans, drawings, information and other property that, if the Contract had been completed, would be required to be furnished to UNDP thereunder; (d) complete performance of the work not terminated; and (e) take any other action that may be necessary, or that UNDP may direct in writing, for the protection and preservation of any property, whether tangible or intangible, related to the Contract that is in the possession of the Individual contractor and in which UNDP has or may be reasonably expected to acquire an interest. In the event of any termination of the Contract, UNDP shall only be liable to pay the Individual contractor compensation on a pro rata basis for no more than the actual amount of work performed to the satisfaction of UNDP in accordance with the requirements of the Contract. Additional costs incurred by UNDP resulting from the termination of the Contract by the Individual contractor may be withheld from any amount otherwise due to the Individual contractor from UNDP.

14. NON-EXCLUSIVITY:

UNDP shall have no obligation respecting, and no limitations on, its right to obtain goods of the same kind, quality and quantity, or to obtain any services of the kind described in the Contract, from any other source at any time.

15. TAXATION:

Article II, section 7, of the Convention on the Privileges and Immunities of the United Nations provides, *inter alia*, that the United Nations, including its subsidiary organs, is exempt from all direct taxes, except charges for public utility services, and is exempt from customs restrictions, duties and charges of a similar nature in respect of articles imported or exported for its official use. In the event any governmental authority refuses to recognize the exemptions of the United Nations from such taxes, restrictions, duties or charges, the Individual contractor shall immediately consult with UNDP to determine a mutually acceptable procedure. UNDP shall have no liability for taxes, duties or other similar charges payable by the Individual contractor in respect of any amounts paid to the Individual contractor under this Contract, and the Individual contractor acknowledges that UNDP will not issue any statements of earnings to the Individual contractor in respect of any such payments.

16. AUDITS AND INVESTIGATIONS:

Each invoice paid by UNDP shall be subject to a post-payment audit by auditors, whether internal or external, of UNDP or by other authorized and qualified agents of UNDP at any time during the term of the Contract and for a period of two (2) years following the expiration or prior termination of the Contract. UNDP shall be entitled to a refund from the Individual contractor for any amounts shown by such audits to have been paid by UNDP other than in accordance with the terms and conditions of the Contract.

The Individual contractor acknowledges and agrees that, from time to time, UNDP may conduct investigations relating to any aspect of the Contract or the award thereof, the obligations performed under the Contract, and the operations of the Individual contractor generally relating to performance of the Contract. The right of UNDP to conduct an investigation and the Individual contractor's obligation to comply with such an investigation shall not lapse upon expiration or prior termination of the Contract. The Individual contractor shall provide its full and timely cooperation with any such inspections, post-payment audits or investigations. Such cooperation shall include, but shall not be limited to, the Individual contractor's obligation to make available its personnel and any relevant documentation for such purposes at reasonable times and on reasonable conditions and to grant to UNDP access to the Individual contractor's premises at reasonable times and on reasonable conditions in connection with such access to the Individual contractor's personnel and relevant documentation. The Individual contractor shall require its agents, including, but not limited to, the Individual contractor's attorneys, accountants or other advisers, to reasonably cooperate with any inspections, post-payment audits or investigations carried out by UNDP hereunder.

17. SETTLEMENT OF DISPUTES:

AMICABLE SETTLEMENT:

UNDP and the Individual contractor shall use their best efforts to amicably settle any dispute, controversy or claim arising out of the Contract or the breach, termination or invalidity thereof. Where the parties wish to seek such an amicable settlement through conciliation, the conciliation shall take place in accordance with the Conciliation Rules then obtaining of the United Nations Commission on International Trade Law (“UNCITRAL”), or according to such other procedure as may be agreed between the parties in writing.

ARBITRATION:

Any dispute, controversy or claim between the parties arising out of the Contract, or the breach, termination, or invalidity thereof, unless settled amicably, as provided above, shall be referred by either of the parties to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The decisions of the arbitral tribunal shall be based on general principles of international commercial law. For all evidentiary questions, the arbitral tribunal shall be guided by the Supplementary Rules Governing the Presentation and Reception of Evidence in International Commercial Arbitration of the International Bar Association, 28 May 1983 edition. The arbitral tribunal shall be empowered to order the return or destruction of goods or any property, whether tangible or intangible, or of any confidential information provided under the Contract, order the termination of the Contract, or order that any other protective measures be taken with respect to the goods, services or any other property, whether tangible or intangible, or of any confidential information provided under the Contract, as appropriate, all in accordance with the authority of the arbitral tribunal pursuant to Article 26 (“Interim Measures of Protection”) and Article 32 (“Form and Effect of the Award”) of the UNCITRAL Arbitration Rules. The arbitral tribunal shall have no authority to award punitive damages. In addition, unless otherwise expressly provided in the Contract, the arbitral tribunal shall have no authority to award interest in excess of the London Inter-Bank Offered Rate (“LIBOR”) then prevailing, and any such interest shall be simple interest only. The parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such dispute, controversy or claim.

18. PRIVILEGES AND IMMUNITIES:

Nothing in or relating to the Contract shall be deemed a waiver, express or implied, of any of the privileges and immunities of the United Nations, including its subsidiary organs.

UNITED NATIONS DEVELOPMENT PROGRAMME

Empowered lives.
Resilient nations.

Contract for the services of an Individual Contractor

No. IC/2016/

This Individual Contract is entered into on _____ between the United Nations Development Programme (hereinafter referred to as “UNDP”) and _____ (hereinafter referred to as “the Individual Contractor”) whose address is _____.

WHEREAS UNDP desires to engage the services of the Individual Contractor on the terms and conditions hereinafter set forth, and:

WHEREAS the Individual Contractor is ready and willing to accept this Contract with UNDP on the said terms and conditions, NOW, THEREFORE, the Parties hereby agree as follows:

1. Nature of services

The Individual Contractor shall perform the services as described in the Terms of References which form an integral part of this Contract and are attached hereto as *Annex I* in the following Duty Station(s): _____.

2. Duration

This Individual Contract shall commence on _____, and shall expire upon satisfactory completion of the services described in the Terms of Reference mentioned above, but not later than _____, unless sooner terminated in accordance with the terms of this Contract. This Contract is subject to the General Conditions of Contract for Individual contractors which are available on UNDP website at www.undp.org/procurement and are attached hereto as *Annex II*.

3. Consideration

As full consideration for the services performed by the Individual Contractor under the terms of this Contract, including, unless otherwise specified, his/her travel to and from the Duty Station(s), any other travel required in the fulfilment of the Terms of Reference in Annex I, and living expenses in the Duty Station(s), UNDP shall pay the Individual Contractor a total of _____ in accordance with the table set forth below. Payments shall be made following certification by UNDP that the services related to each Deliverable, as described below, have been satisfactorily performed and the Deliverables have been achieved by or before the due dates specified below, if any.

DELIVERABLE	DUE DATE	AMOUNT IN USD

If unforeseen travel outside the Duty Station not required by the Terms of Reference is requested by UNDP, and upon prior written agreement, such travel shall be at UNDP’s expense and the Individual Contractor shall receive a *per diem* not to exceed United Nations daily subsistence allowance rate in such other location(s).

Where two currencies are involved, the rate of exchange shall be the official rate applied by the United Nations on the day the UNDP instructs its bank to effect the payment(s).

4. Rights and Obligations of the Individual contractor

The rights and obligations of the Individual Contractor are strictly limited to the terms and conditions of this Contract, including its Annexes. Accordingly, the Individual Contractor shall not be entitled to any benefit, payment, subsidy, compensation or entitlement, except as expressly provided in this Contract. The Individual Contractor shall be solely liable for claims by third parties arising from the Individual Contractor’s own acts or omissions in the course of performing this Contract, and under no circumstances shall UNDP be held liable for such claims by third parties.

- **The Individual Contractor is (not) required to submit a Statement of Good Health and confirmation of immunization.**

5. Beneficiary

The Individual Contractor selects _____ as beneficiary of any amounts owed under this Contract in the event of death of the Individual Contractor while performing services hereunder. This includes the payment of any service-incurred liability insurance attributable to the performance of the services for UNDP.

Mailing address, email address and phone number of beneficiary: _____

Mailing address, email address and phone number of emergency contact (if different from beneficiary): _____

IN WITNESS WHEREOF, the Parties hereto have executed this Contract.

By signing below, I, the Individual Contractor, acknowledge and agree that I have read and accept the terms of this Contract, including the General Conditions of Contracts for Individual contractors available on UNDP website at www.undp.org/procurement and attached hereto in Annex II which form an integral part of this Contract, and that I have read and understood, and agree to abide by the standards of conduct set forth in the Secretary-General's bulletins ST/SGB/2003/13 of 9 October 2003, entitled "Special Measures for Protection from Sexual Exploitation and Sexual Abuse" and ST/SGB/2002/9 of 18 June 2002, entitled "Regulations Governing the Status, Basic Rights and Duties of Officials other than Secretariat Officials, and Experts on Mission".
